A WALL
PRINTING COMPANY

Your Walls Our Canvas

At American Graffiti & Art, our canvas is your wall. Gone are the days of brushes—our artistry is born from the precision of digital painting, applied directly onto any wall surface, be it textured, smooth, or a fusion of both. This innovative approach allows our designs to seamlessly integrate with the wall, transforming it into a living piece of art rather than merely a backdrop for decals and frames.

While vinyl lettering and mural wraps serve their purpose, they often obscure the unique character of your wall. Our method preserves and accentuates the inherent beauty of your space's texture and hue. By digitally painting the graphics onto your walls, we create a harmonious and organic visual experience that traditional methods cannot match. The result? A masterpiece that truly belongs to the space it inhabits, not just added to it.

Transform your walls into a statement with American Graffiti & Art—where your vision comes to life.

Why Us?

Versatile

Our mobile technology allows us to deliver our services directly to your location, enabling us to print directly on your existing structures, including textured surfaces like brick or stucco, indoors and outdoors.

Durable

We utilize cutting-edge UV inks that are instantly cured upon application, ensuring our prints meet the highest durability standards, making them suitable for even the most demanding environments such as hospitals and healthcare facilities. Vibrant, scratch-resistant, and built to last.

Green

Our unique printing service eliminates all waste, offering a sustainable option for refreshing your space. To update a design, simply cover the old one with paint, and you're ready to start anew.

Massive

We can achieve a maximum print height of 13 feet, and width is limitless, provided there are no obstructions, allowing for large-scale graphics and murals.

Seamless

Our exceptionally fine ink integrates perfectly with your wall, creating a smooth, indistinguishable finish. Experiment with subtle gradients or shadow effects to enhance your designs.

Convenient

Our service is designed to fit seamlessly into your schedule. We bring and set up our equipment at your location, working around any ongoing construction or in fully operational spaces, ensuring minimal disruption.

Printable Surfaces

Traditional decals often fall short, confined to flat surfaces and delicate edges, with a tendency to peel over time. At American Graffiti & Art, we transcend these limitations by applying your chosen artwork directly onto your walls, unlocking endless creative possibilities.

No surface or texture is beyond our reach. Whether it's glass, concrete, wood, plaster, fabric, plastic, tile, brick, wallpaper, stone, metal, or leather, we ensure your vision comes to life exactly where and how you envision it. Embrace the freedom to transform any space with designs that endure.

✓ Glass

✓ Concrete

✓ Wood

✓ Plaster

✓ Fabric

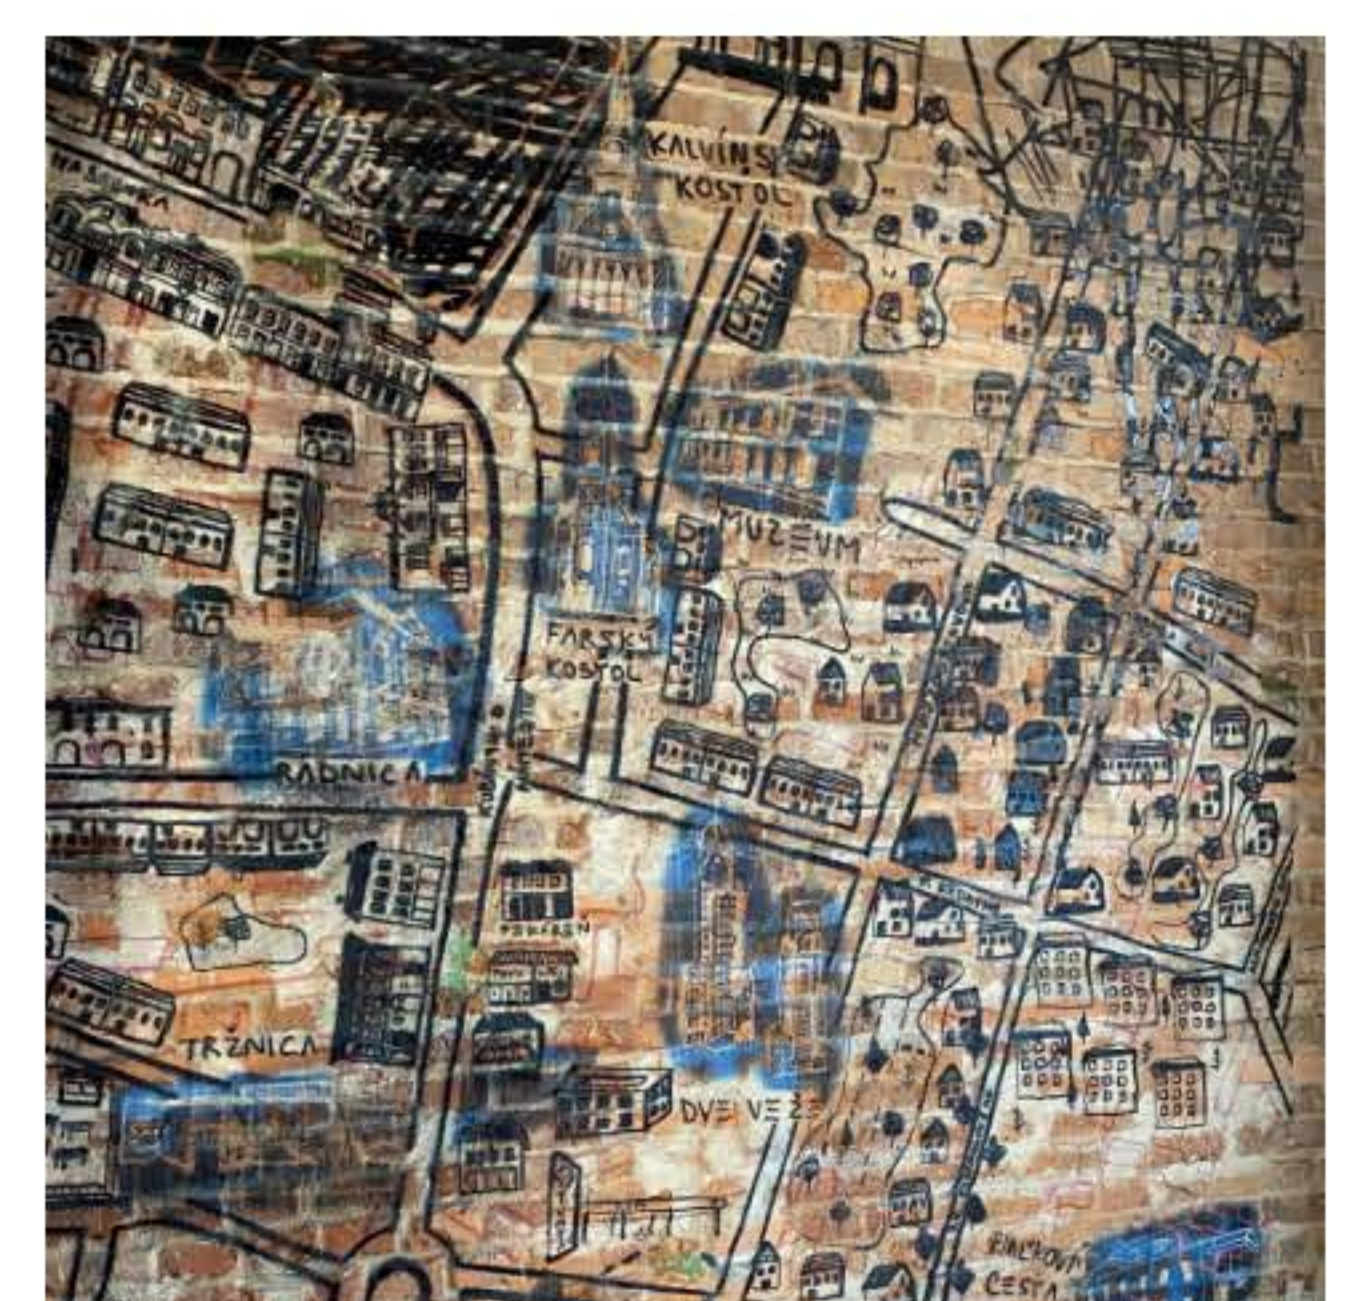

✓ Plastic

✓ Tile

✓ Brick

And more! If it's a vertical surface, we can print it!

Flexibility

Image Size & Scope

Our advanced wall printer pushes the boundaries of large format printing.

Height: Reach up to 13ft, with mural prints stretching from 11.5 ft from ground to top.

Width: Boundless! Limited only by the canvas of your wall.

Experience the grandeur of LARGE scale, high-resolution murals that transform spaces.

Ease of Update

On painted surfaces, a simple application of primer and a couple of paint layers will completely cover your prints.

Printed on wood? Simply paint over or sand off your print.

Glass or Ceramic? Simply use a paint scraper or a razor blade to remove your print.

Metal or Concrete? Sand blasting or dry ice blasting will do.

Rest easy and enjoy the fact that you aren't stuck with a print. With American Graffiti & Art, your walls can evolve with your business!

Process

Our process is simple. If you have a design, photo, or text that you would like printed, all you have to do is send it over! We will handle getting it into the correct format for you.

All you have is an idea? That fine too! Let us know what you're thinking, or the direction you want to go with your space, and we can be the creative minds behind your creative design!

After we have your design ready to go, it's a one man, one machine job from there. Before you know it, your space will be transformed!

FAQ

What size image can you print?

Up to 11.5 ft (3.5 m) high and unlimited width.

What can you print on?

We can print on nearly any substrate (e.g. plaster, wallpaper, wood, brick, paint, stone, glass, tiles, and more...)

Can it print photos?

Absolutely!

What about text?

You betcha!

What image formats do I need?

We can take any image format and convert it into a mural. From photographs, to digital art, and even an old postcard - we have techniques to make anything a mural.

What kind of ink do you use?

Our specially formulated UV ink is odorless and VOC free, making it suitable to print in all environments.

Is the printed image durable?

Our ink is waterproof, scratch resistant, and can withstand UV Light and most industrial cleaning products. For extreme environments, an additional clear coat can be applied to improve resilience.

How long does it take to print?

We can print 30 sq.ft. (3 sqm) per hour - which is pretty fast if you ask us! Most jobs can be set up in ~30 minutes, and once complete the printer is packed away in 15 minutes. One person, one machine, and no waste.

Contact Us

Don't hesitate to reach out!
